Bernard J. Case -"Bernie"-

Undoubtedly the most outstanding boy in the Senior Class is Bernard Case, who'd rather be called Bernie.

Born in Superior, Wisconsin, in 1929; he traveled all over the country, landing in Waterville, Kansas, in time for his freshman year. While there he was a member of the Science Club of America, the Glee Club, and the J. V. Football and basketball teams. He stayed there for his sophomore year and was again in the Glee Club and on the J. V. Football and Basketball teams. Besides all this he also held Class Presidency.

His junior year was split between Waterville, where he played J. V. Football and Basketball, and Heidelberg High.

Last August he moved to Erlangen, which make him eligible to come to Nurnberg for his senior year. While here, he was on the Voyager staff. His ambition is to become a pilot in the Air Force, and we all wish him a lot of Luck in that field.

Roberta Sheppard -"Bobbie"-

Vivacious is just one of the many complimentary adjectives we use to describe this pert miss.

In the town of Woodbury, N. J., on New Years Day, 1930, Mr. and Mrs. S. R. Sheppard welcomed the arrival of a baby daughter, Roberta. This was our "Bobbie".

Starting her freshman year in Temple, Texas; she went to four more high schools before finally ending up here in Nurnberg Dependent High School. With activitess such as Glee Club, Spanish Club, an graduation usher preceeding her, one got the idea what a representative girl she was.

She is the Voyager editor-in-chief, a cheerleader, teen-age Clup Council secretary, and one of the Council representatives of the Senior Class. As she was voted "Cutest", "Best Dancer", and "Most Popular", it is easy to see that her ambitions — to go to Indiana University and get married — will probably be realized.

All of us will remember her by her favorite expression — "Hi, Honey" — and wish her the best of luck.

Barbara Kayle "Barbie"

Kayle

A newcomer, seeing a pretty blonde walking down the hall, asked, "Who's that?" Sure enough, it was Barbie.

Born in Trenton, N. J., in 1929, Barbie is the oldest of seven children.

Her freshman year was spent in Trenton Junior High Nr. 3. She then went to Englewood High, Englewood, Colorado, and back again to Trenton Senior High.

The first half of her junior year was spent there, where she was a member of the "Spectator" staff, and took part in their unusual "Sports Night". The last semester was spent in good old Erlangen High.

Her entire year was spent in Nurnberg, where she was a cheerleader as well as Queen of Hearts.

Barbie has two ambitions — to go back to the States, and to go to college. She didn't specify the college, but we know she'll be just as popular there as she has been here.

Margaret Segur -"Peggy"

Nurnberg's only "Big Wheel Girl" was born in Hartford, Connecticut, on February 15, 1930. She traveled all over the country and found herself in Rochester, N. Y., for her freshman year, where she was a member of the French Club and Tri-Y.

In her sophomore year, Peggy went to Miss Fine's School for Girls in Princeton, N. J., and was on the varsity field hockey team.

Her junior year found her in Germany, in old Erlangen High, then Munich, where she finished the year. But luckily, the beginning of her senior year found her back with us.

As Peggy is a cheerleader, vice-president of Student Council and dorm president, as well as a member of the Teen-Age-Club council, it is easy to see that she is one of our most active class members.

'Course we all know that her favorite saying is, "It was a riot," but "Where's Don", runs a close second. How about it, Peggy?

Believe it or not, she wants to be an algebra teacher, but her ultimate ambition is to get married. (Anyone we know, Peg O'My Heart?)

CLASS WILL

We, the Senior Class of 1948, of Nurnberg, Germany, being of (Supposedly) sound mind and memories, do hereby make, publish, and declare this our last will and testament hereby revoking any wills heretofore made by us.

First, we, the entire class, will to the junior boys all the apples in the mess-hall, so that they can keep Miss Leamer supplied.

To Bud Bryant, the senior English Class leaves Lord Chesterfield's "A Correct' View of Women", because he will undoubtedly appreciate it.

The senior girls will their places in the bath schedule, with clean water included, to next years "new" dorm girls.

Bernard Case wills his "way with women" to Ned Poinier, to do with as he pleases; he leaves his driving technique (girl not included) to the most careful of drivers, Johnny Meuat; and to Stanley Rackin he leaves his ability to recite Shakespeare.

Barbie Kale wills her bad habit-saying embarrassing things to Charlie Mink; her supply of DeLyne she leaves to her brother Bub, with the admonition that he hands it out only to upperclassmen; and she wills her quiet ways to Billie Jane Outsen.

Peggy Segur leaves her "fish-face" to Jean Marlowe, who has tried so hard to copy it; her dictionary she wills to Ken Dorner, so that he may use bigger and better words next year; and she leaves her studiousness to the school genius, Joe Long.

Bobby^{ie} Sheppard wills her position on The Voyager to the hard-working and important Benjamin Abramowitz; she leaves her "liberated" signs to Marianne Houston, under the assumption that they will be used appropriately; last, to Gerry Cook she leaves her cigarette ration, to be divided equally among Dick Kale, Johnny Meuat, Jack Emerick and Lowell Wynn, so that they may be supplied again next year.

Finally, to the juniors we leave the great senior privileges (such as they are) and also the joys as well as the sadness of graduating from high school.

In witness whereof, we, the Senior Class of 1948, have set our hands and seals herete this tenth day of May in the year of our Lord, one thousand nine hundred and forty eight (1948) .

ACTIVITIES

REMEMBER

- the first social event of the year, "The Freshmen Dance", sponsored by the then large and active Senior class. The initiations sure were fun and what about lucky little John Emery's face after he was kissed by Gerry Coogk!
- the Football Banquet, and how sentimental everyone was when Coach Snyder gave his speech of gratitude to "the boys" for their presents to him?
- the Costume Ball and how "different" everyone looked?
What about the Bavarians, Don Hilty and Peggy Segur!
- how excited everyone was about the "First Formal of the Year", the "Christmas Dance"? It was also more or less a good-bye dance for Dud Jones, Russ Faulkner, and Hal Howes, since they all left for the States over the Christmas holidays.
Didn't everyone look wonderful?
- the "March of Dimes Dance", the auction where Mary Lou Daly paid ~~Dollar~~ 75 cents for a banana? We really did a good job of raising money, didn't we?
- when the talk about "Who's going to be elected" and "I wonder who will be Queen", started? The whole school was buzzing with curiosity about who was going to be the "QUEEN OF HEARTS," and who her attendents would be. No one knew until the night of the fourteenth of February at 9:00 P. M., when Brig. General Leroy Watson crowned Barbie Kale, Queen, and Jackie Whitman and Joan Purdy attendents. Remember how wonderful the school auditorium looked, and how much fun we all had at this second of our formals?
- the fun we all had helping raise money for the Prom?
The "Cake Chance Party" and those delicious cakes, the girls and boys dorm party with that most "fashionable" of all fashion shows? Will you ever forget Dick Kale in that bathing suit? What a figure!
- those weekend jaunts that took us to Augsburg, Munich, Regensburg, Wurzburg are many other "home" cities. Gosh, how tired we were when Monday morning rolled around.
- last but not least, the "Out of the World" Junior - Senior Banquet and the wonderful all - school Prom? It was our last and most luxurious formal. The girls looked wonderful in their formals and the boys just looked. That's all that needs to be said. It certainly was beautiful - thanks to the Juniors - and a night which no one will forget.
Our Senior Prom in Nurnberg, Germany.

German, American Quiz

NURNBERG—Six German boys and girls met with six Americans for a round-table quiz program today at the Dependent's school in Furth. The German visitors are members of the Nurnberg GYA.

The discussion, led by Frank Beaty, school instructor, covered questions on world geography and world history, and took place in an open school assembly.

The American students on the program were Larry Nichols, Joe Long, Mary Lou Daly, Mary Lou Segur. They were selected from a Johnson, Joan Marlowe, and Peggy group of volunteers. **Feb. 27, '48**

MARCH 12 Teen Town Talks

Well, our basketball horizon is definitely on the upgrade. We haven't actually accomplished a top-score game, yet, but no one can say we're not on the way. The score our boys carved out in Berlin last week, was not bad at all. We're down on the books to play Munich today, so little team, remember the whole school is counting on you for a Victory all tied up in red and white ribbons!

We just stole a glance into our private crystal ball (basketball, that is) and saw there, reposing on velvet, a hazy image of a gold trophy with the words, "Nurnberg Victors of the EC Tourney, Frankfurt, March 10 and 20, 1948," on it! It can't be all a dream, or can it?

We're dusting off our well-worn welcome mat again. This time for the latest junior joiner, Kenneth Dorner from Ft. Knox, Ky. We hear he knows his way around a basketball court, too!

Sure and have ye heard about our St. Paddy's Day party? If not, we're 'a tellin' ye now. It's next Wednesday, March 17, at Teen town. See ye there?!

Now that six-weeks exams are merely memories, we have something more pleasant to look forward to. It is none other than Easter vacation!! Those six lovely, lazy days will be here before we know it, and then, before we know it, they will be gone. So, it is a good idea to start forming plans now, then you'll make the most of your time.

Travel Tidings: Mary Lou Daly is still on tour with Paris, Luxembourg, Belgium, and Holland on her schedule. Lucky girl!

NURNBERG—Of an estimate 33,063 dependents stationed throughout the EC, the fifth largest total is located here, according to a report recently received EUCOM report. The Nurnberg population is 1,611 dependents of American, and Allied military and civilian personnel.

Berlin, as in the past, leads the Theater with a population of 2,533. Frankfurt, a close second with 2,463. Wiesbaden, 1,897; Vienna, 1,647; and Stuttgart, 1,096.

MARCH 19 Teen Town Talks

More news from our neighborhood Bamberg way. We hear their new club is progressing at a terrific rate and is really a prima place. We also hear that Bamberg is suffering from a distinct girl shortage. Imagine?! So remember, gals, you're always welcome there. Betty Griffith was the guest of Joan Marlowe and Joan Nye stayed with Marianne Houston last weekend and all report a super time.

You may think it is far, far off in the distance, but time flies, according to all the wise sages. What we mean, is, start planning now to set aside April 1 as a red-letter party day. In case you hadn't heard, Nurnberg High is going to be the scene of a big Fool's Day celebration. That's April 1, remember, right after Easter vacation. See 'ya all there!

We just saw a black, black chimney sweep. Maybe he'll bring us good luck at the Frankfurt Basketball Tourney today and tomorrow. Hope, hope, hope.

ZI's: We were all sorry to say "go'bye" to that lanky man, Hugh O'Connell, last week. He went home on emergency leave and won't be back. Jean Woodward is leaving to cross the big ocean today. "Good-bye, Jean, and lots of luck." Still another "so-long" goes to J. P. Nilsen who'll be taking off soon for Munich. We're sorry to see you all leaving us, but glad to say, "how-do" to Robert Hagerman who showed up recently and enrolled with the freshmen. Bob's from Ohio.

We're not preachers, but we do want to say a little in behalf of safety. It is not just a word—it is an idea and one we should all remember. To jump off a moving train is a very dangerous trick and, although no one was hurt last week, it could easily have been an extremely serious accident. The incident should be a warning to us all to use our heads and be careful!

Dependents' High Loses Quiz

A quiz program between six German youth and six members of the Nurnberg Dependent's high school, was held late in March at the Army Youth Center, in Nurnberg. The German team finished the contest with the highest score. Although the two sides were close, the German group out-answered the Americans all the way. The Americans totaled 350 points, the Germans tallied 395. The quiz covered a wide variety of current, historical and geographical events.

Teen Town Talks

How, oh how, did our vacation disappear? Last week was the quickest on record and now we're back to the old book, book, book, routine. But according to reports, everyone did so much rushing around during their six-day holiday, that school will be a welcome rest.

Seems as though our teachers did a little globe trotting, too, during their week off. They all went to Chiemeese for a conference, then from there, some of 'em went to Salzburg, Austria, and wound up at Vienna. "A fine time", was reported by all.

Here today, gone tomorrow—the latest member of the clan to be ZI'd is Mary Lou Daly, who left for the "homeland", Wednesday. We're sorry to say good-bye, Mary Lou, and we hope you won't soon forget all the mob in Nurnberg. We'll all think about you crossing that rolling, rocking ocean. Good luck!

2/Lt. Annabelle M. Eppy, WAC of the 7810 SCU, is our latest recruit that is, she is our new school officer, replacing Capt. Saint-Marie. Eppy joined the staff early in March and her official title is custodian of dependent school tuition less fund. Sounds important, doesn't it? Anyway, Welcome to Nurnberg High, Lieutenant!

Did everyone have as good a time as we did at the Hobo Hop last night? We'd like to cast a vote right now for more of same in the future.

APRIL 9
Teen Town Talks

We just recovered from one vacation and then they gave us another one, Tuesday! Nice of 'em, wasn't it? Quite a number of the dorm gang took advantage of their opportunities and toured the ancient walled city of Rothenburg on their free day and report a very interesting and profitable time.

Along with the arrival of April and bright sunshine, mittens and wool babushkas are beginning to go into hibernation for the warm-months. At the same time the men on the campus have gotten their uniforms out of moth balls and started peggin' it around the infield over on the baseball diamond near the school. So far, one practice game has been played with GYA team. But it looks like a good season ahead.

Departure Dope: Here's the final info on the comings and goings of Nurnberg High inmates. To date, **Mary Lou Dally, Don Capstick, Don and Jacky Hilty and Jack Cole** are on their merry Stateside way. "So-long, you all." Wish you didn't have to leave. Our classes are getting smaller and smaller. Here's hoping we get some replacements soon!

Poor Jack Cole is dead! He left this world last Wednesday, a victim of that deadly menace, "Chemistry." Everyone paid their last respects to the departed when remains were lying at state in the chemistry lab. Tsk! Tsk! The funeral march rendered by Jack's sorrowing classmates, was indeed touching. But his rapid return to life, the next day, was amazing!

Now we know who the best scavenger hunters are! The truth came out last week at the Hobo Hop. The members of Group 6 are top hunters. **Joe Long Bill Russell, Victor Klemm, Jerry Cook, Jack Embrick, Joan Marlowe, and Betty Griffith** made up the crew and **Doc Kroner** was at the helm.

Don't forget the Leap Year Leap! Write it down today in your date book. The time — April 14; the place — Teen Town.

APRIL 20
Teen Town Talks

After a weeks' vacation, from writing, that is, we're back again with more gibberish from Nurnberg High. First and foremost on our minds is the baseball team. The boys have really been making a name (good) for themselves. Two weeks ago, April 17, they knocked out Bremen 11-5, and last week, in a battle that kept up for two over-time innings, they finally gave in to Wiesbaden, 7-5. Here's hoping the good scores keep on coming our way.

Travel Tips: Dick, Bub, and Barbie (Kale, of course) are going to leave our premises soon and take off for France, points north, south, east and west. They say they plan to just keep a'go'in' until the money is gone. Sounds like a pleasant pastime, Kales. Bob Masters, and Lenny Nichols are two more wanderers about to leave for a few days' vacation some where outside Nurnberg. Bon Voyage, you all!

The cake sale Wednesday at Teen Town was a welcome money maker and besides the product pasted good! We should have netted enough to sponser a really prima stateside junior prom with all the pink and white trimmings.

The students, numbering approximately 150, convened in Frankfurt and were given the privilege of using the former Hitler Yacht for their journey.

Wednesday and Thursday were examination days for the Nurnberg graduating class, which includes Barbara Kale, Peggy Segur, Roberta Sheppard, and Bernard Case. After much controversy, caps and gowns have been secured for the seniors to wear during their graduation ceremonies tonight.
